Follow the green stripe on the road. There are many trails that bisect the Garden. You can take a side trip on one of the many trails, just be sure to wear comfortable shoes.

Half Day or Longer Visit

With 87 acres to explore, the possibilities are endless. Explore the specialty gardens, visit the tropical greenhouse and walk the tram road and bisecting trails. Take your time and explore all the nooks and crannies of the Garden. Once you enter the Garden, you can come and go as you like throughout the day. Be sure to hang on to your receipt. Pack a lunch and eat it at our picnic area located at the southwest corner of the parking lot.
