

JOB ANNOUNCEMENT
Visitor Experience Associate

South Coast Botanic Garden’s mission is to connect ALL to the wonders of nature and create experiences that inspire stewardship and sustainability. The 87-acre destination is an oasis of formal gardens and natural walking trails founded atop the most unlikely of beginnings – a sanitary landfill. Today, the South Coast Botanic Garden stands as a testament to the regenerative power of nature and the possibilities for land reclamation. The stunning Dorothy and John Bohannon Rose Garden is a signature experience, along with the show-stopping Living Wall, a long-term exhibit of eight remarkable largescale works of fine art sculpture, and seasonal butterfly pavilion. Programs invite guests to interact with nature through music, craft, science and wellness activities. There is even more excitement to come, with the creation of a 3.5-acre Marilyn and John Long Children and Family Garden scheduled for completion in the coming year. There has never been a better time to join this dynamic team!
